

Life In The Pain

SafetySuit

Now you're out there with no target
So your friends become your aim
But there is no one left around you
So there is no one left to blame And what you don't know, it won't hurt you
And what you don't know will save you from some pain
But if I could choose I'd let it hurt you
'Cause there's something bout life in the pain Yeah there's something inside you starting
Like there's a fight coming your way
But there'll be no fists you'll be throwing
Just some words you got to say And you'll scream for our repentance
Or you'll hide behind what's fake
But there ain't nothing to forgiveness
And you give as freely as you take And what you don't know, it won't hurt you
And what you don't know will save you from some pain
But if I could choose I'd let it hurt you
'Cause there's something bout life in the pain And I don't need to know you stories
Don't need to understand your pain
'Cause I've been here since the beginning
And I'll be here the rest of the way
And I'll be here the rest of the way Now you've tried your hand at running
But don't you try your hand at fate
'Cause there's a moment to be taken
But it's right before you break And what you don't know, it won't hurt you
And what you don't know will save you from some pain
But if I could choose I'd let it hurt you
'Cause there's something bout life in the pain
'Cause there's something bout life in the pain
Is there something bout life in the pain
