They Just Don't Know You

Little Mix

Daddy doesn't think that you'll be good enough for me
Mama says be careful 'cause he'll break your heart in three
They don't walk in my shoes
They ain't being kissed by youMy sister says she doesn't like the way you wear your hair
But I know that she's jealous so why would I even care?
I have to lie about
How good you make me feelSo oh oh
Tell me, tell me you won't break my heart
You won't tear my world apart
That you'll be there when I need
'Cause I wanna tell themThey just don't know you
They just don't know you
They just don't know you
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I doTalk is cheap and rumors spread but they go with the wind
It's not about she said he's sick 'cause I know where it ends
I know the real truth
And the real truth is youIt's funny 'cause at times it feels like us against the world
They treat you like a criminal but I'll still be your girl
I'd ride or die with you
Walk the line if you asked me toSo oh oh
Tell me, tell me you won't break my heart
You won't tear my world apart
That you'll be there when I need
'Cause I wanna tell themThey just don't know you
They just don't know you
They just don't know you
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I doBut when will I try to
They just don't know you
You don't know about our love
You choose what you see
'Cause if you felt the way we love
You'd just let it be
You don't know about the times

When it's just him and me
'Cause if you felt the way we love
You'd just let it beTell me, tell me you won't break my heart
You won't tear my world apart
That you'll be there when I need (when I need)
'Cause I wanna tell themThey just don't know you
They just don't know you
They just don't know you
They don't know you like I do
They just don't know you (They don't know)
They just don't know you (They don't know)
They just don't know you, like I do
