

# It's Over (home Demo)

[Phil Collins](#)

With a young man, with his heart on his sleeve  
Had the body of a man and a trust of a child  
He never meant to hurt anybody  
But he broke some hearts along the way  
Oh, it's all over, oh, it's all done  
Oh, well, it's all over, or has it just begun?  
All that he spoke came right from his heart  
Though some had been hurt by the things he had said  
Go walking in the long grass to find his peace  
Sometimes it'd grow so tall he'd lose his way  
Oh, now it's all over, oh, it's all done  
Oh, it's all over, or has it just begun?  
Oh, it's all over, oh, it's all done  
Oh, it's all over or has it just begun?
