

# Ain't Got Trouble Now

[Alan Jackson](#)

The girl I loved, she sure was pretty, but always runnin' round.

She finally ran off with a boy from the city

and I ain't got trouble now. I ain't got trouble now, no I ain't got trouble now.

I had it before and I'll have some more but I ain't got trouble now. Spent 10 years breakin' my back for the meanest man in town.

Today I walked out and I ain't goin' back and I ain't got trouble now. I ain't got trouble now, no I ain't got trouble now.

I had it before and I'll have some more but I ain't got trouble now. Had an old rust bucket with four bald tires always breakin' down.

Been walkin' everyday since it caught on fire and I ain't got trouble now. I ain't got trouble now, no I ain't got trouble now.

I had it before and I'll have some more but I ain't got trouble now. Now I got no ride, I got no money and there ain't no girls in this town.

But the whiskey goes down

smooth as honey and I ain't got trouble now. Repeat 3 times

I ain't got trouble now, no I ain't got trouble now.

I had it before and I'll have some more but I ain't got trouble now.
