Simple Things (Work It Out)

Shit Robot

Man, whatcha' doin'?

Yeah, once life was simple.
You just got up, and ate.
You found someone you wanted.
It was great

Now, things are complicated.
You got bills to pay.
You've gotta go to school.
You've gotta work everyday

Well, that's hard.

Sometimes i wanna check into a hospital, yeah,
so they can help me breathe.
Yeah, hook my heart up to one of them machines.
We don't have to do anything.
Just open our eyes.
But man, but man, even that's hard sometimes!
(shriek!)

You know why?
I'll tell you why,
Yeah this is why.
I'm 'gonna tell you

Simple things are hard for me to do.
Simple things are hard, without you.
Simple things are hard for me to do (baby!).
Simple things are hard for me. (Yoww!!)

I'm struggling' every day!
To make sense of reality.
I'm stugglin', I know.
I just don't like,
I just don't like being alone!

(yeoooooww!)

Life's so simple now,
you've got computers to do everything.
They've got robots to serve you food
and machines that sing.
We don't have to do anything.
Just open our eyes.
But man, but man! ,
even that's hard sometimes! (yeooww!)

I need somebody,
to come over to my house
I need somebody,
I need somebody to, help me out
'Cus I can't do it alone.
Even this easy stuff.
Yeah, I can't do it alone,.
Yeah, I've had enough.

(Yeoow!)

(House BRIDGE)

Easy things are hard for me to do, yeah.
Simple things are hard, without you,
without you!

A hundred times a day I wanna, call you up.
'Cus I thought something nice, in a shot.

A hundred times a day, I try to call your name
Then I realize that I'm alone, to complain. (unclear)

(Yeoow!)

I like simple things
("work it out" looping)

They're hard to do
("work it out" looping)

I like simple things
("work it out" looping")

They're hard to do.
(" work it out" looping)

(Unclear speech)

I know it's over between me and you
but, it's so hard sometimes
Not to dial your number
To see your smile (unclear)

You know how many times,
I see something that I know you would love;
I wanna tell you about it.

I just wanna share,
the experience of my life,
with you.

Oh yeah,
Simple things are hard for me to do!

(Yeoow!)

I like simple things
WORK IT OUT.
