

# Three Ways

## The Wallflowers

There's three ways out of every box  
Fall out the bottom or you crawl out the top  
There's three ways out of every, every box  
And if you can't find your way out  
Then you just burn it to the ground  
And then you'll disappear  
Like smoke into the clouds  
There's three ways off a merry-go-round  
You either jump or you let it slow down  
There's three ways off a merry-go, merry-go round  
And if you can't put your foot down  
Then you just burn it to the ground  
Then you walk away  
Real slow back into the crowd  
There's always somebody there for a laugh  
Then you're the only one that's left  
Now that's what you get  
Left behind in the wreck  
There's three ways off a burning bridge  
You pray for rain or you learn how to swim  
There's three ways off of every burning bridge  
But if you can't find strength and you quit  
Then you can just burn up and sink  
Then you'll drift away  
Real slow down into the ground
