Safe & Sound

Coldair

I remember tears streaming down your face when I said "I'll never let you go"
When all those shadows almost killed your light
I remember you said "don't leave me here alone"
But all that's dead and gone and passed tonight

Just close your eyes, the sun is going down
You'll be alright, no one can hurt you now
Come morning light, you and I'll be safe and sound.

Don't you dare look out your window, darling everything's on fire
The war outside our door keeps raging on
Hold onto this lullaby even when the musics gone, gone

Just close your eyes, the sun is going down
You'll be alright, no one can hurt you now
Come morning light, you and I'll be safe and sound

Just close your eyes, you'll be alright
Come morning light, you and I'll be safe and sound
