Medication

Primal Scream

I get sick of livin' in the city
Everyone's a liar and a thief
If the cancer don't, the tax man's gonna get you
If the women don't, the doctors let you bleedI don't wanna hang around with you
Don't wanna see you burn
I don't wanna see you turn blue
I wanna see the sunGimme, gimme, gimme medication
Gimme medication to kill this hole
Gimme, gimme, gimme medication
Gimme medication to kill this, kill this holeEverybody's steppin' on each other
Shootin', snortin', smokin' all they can
Wish the blood was thicker than water
'Cause drinkin' dirty water kills a manI don't wanna hang around with you
Don't wanna see you burn
I don't wanna see you turn blue
I wanna see the sunGimme gimme gimme medication
Gimme medication to kill this hole
Gimme gimme gimme medication
Gimme medication to kill this, kill this holeI get sick of livin' in the city
Everyone's a liar and a thief
If the cancer don't, the tax man's gonna get you
If the women don't, the doctors' let you bleedGimme gimme gimme medication
Gimme medication to kill this hole
Gimme gimme gimme medication
Gimme medication to kill this holeGimme gimme gimme medication
Gimme medication to kill this hole
Gimme gimme gimme medication
Gimme medication to kill this, kill this hole
