## Crystal Castles

I'll make you forget  
With the taste of lambskin  
The bounty is yours  
It tastes like medicineWe evaporate  
Without condensation  
But heaven is still  
Your only expectationI'll make you forget  
With the taste of lambskin  
The bounty is yours  
It tastes like medicineWe evaporate  
Without condensation  
But heaven is still  
Your only expectation
