

# Warrior

## Blush

Yeah!

Warrior, warrior, warrior

I'm not the kind of girl to do what I'm supposed to

Yeah, I'm a rebel, yeah I'm a real soldier

No, this ain't over

That's what I told ya

I just want this and more

I'm gonna take it for sure

Watch me come my way through the barbed wire

I'm not a quitter, I walk right-right through the fire

No, this ain't over

That's what I told ya

Crushing on enemies

Fighting for you and me

Can you hear the battle cry in the distance?

A thousand armies of me marching 'round the world

To the beat of the drum

I'ma keep pushing on

Till I get what I want

Cause I'm a warrior

I'm gonna fight for your love

I'm a warrior

I'm never gonna give up

Cause I'm a warrior, yeah yeah yeah

I'm a warrior, yeah yeah yeah

I'm gonna break these walls around you

Anything to put my arms around you

Cause I'm a warrior, yeah yeah yeah

I'm a warrior, yeah yeah yeah

They try to keep us apart

For the last time

I'ma put on my armor

Come out on the front line

They'll see me coming (coming)

Yeah, they'll be running (running)  
I just want you to know that's how far I go

Can you hear the battle cry in the distance?  
A thousand armies of me marching all around the world  
To the beat of the drum  
I'ma keep pushing on  
Till I get what I want

Cause I'm a warrior  
I'm gonna fight for your love  
I'm a warrior  
I'm never gonna give up  
Cause I'm a warrior, yeah yeah yeah  
I'm a warrior, yeah yeah yeah

I'm gonna break these walls around you  
Anything to put my arms around you  
Cause I'm a warrior, yeah yeah yeah  
I'm a warrior, yeah yeah yeah
