I Just Wanna

K. Michelle

Advisory - the following lyrics contain explicit language:

[Verse 1:]
I can tell that you like me, but it's all for the chase
I'm too into myself, I need space
Though you want more, I'm not ready to open that door,
I just want you to drop your pants to the floor
Cause I'm a little scared of commitment, but tonight I'm committed to your body[Chorus:]
Cause I just wanna fuck and not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut, a woman has her needs
So don't you go catching feelings for me
Tonight I want sex that doesn't mean a thing[Verse 2:]
I know this ain't lady like and you can tell your friends about tonight
And how I did you right
Cause I don't give a damn, I'm a be alright
Damn, I love my life So why is everybody being so uptight?
I told y'all from the start, K. Michelle ain't bout that life
Cause I'm a little scared of commitment, but tonight I'm committed to your body[Chorus:]
Cause I just wanna fuck and not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut, I have my needs
So don't you go catching feelings for me
Tonight I want sex that doesn't mean a thing[Bridge:]
Oh, just come and do what it is I asked you to
Nothing more, nothing less
Just make me feel good[Chorus:]
Cause I just wanna fuck and not fall in love
I'm over all the pain that love can bring
Tonight I want sex that doesn't mean a thing
That don't make me no slut, I have my needs
So don't you go catching feelings for me

Tonight I want sex that doesn't mean a thing[Outro:]
I wanna fuck, I wanna fuck
Yeahhh
