

# Get Back

## Mr Pickwick Players

1, 2, 3, 4

Oh no, here we go  
Catch me if you can  
Don't move too slow  
I'm on another level  
Can you feel my flow?

See how good  
When I'm on the floor  
Wonder if you're ever  
Gonna zing that I got

I told you before  
That I'ma keep it hot

See how it is  
When I walk up in the spot  
Standing in a line

Ah, I think not

I came to party, baby  
You might think I'm crazy  
By the way I'm moving

To the beat

You're standing on the wall  
What you come here for?  
You wanna feel the heat

Dance and lose control

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

DJ spin it back

Know that I like it

When you do it like that

Eyes on my waist

Feel you better think fast

Got that kind of body

Make you wanna spend cash

Shake it like you seen them do it

In the video

Ladies on the floor

Let me see you get low

Fellas at the bar

Won't you spend a little dough?

This is how I do it

When I'm tearing up the floor

I came to party baby

You might think I'm crazy

By the way I'm moving to the beat

You're standing on the wall

What you come here for?

You wanna feel the heat

Dance and lose control

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then

Watch me

You like it, I've got it

1, 2, 3, 4

Would you like it

If I tease you

Get you really hot

Watch me turn around

Then let me show you what I got

Baby, if you're ready

Won't you step up to the plate

Don't be scared of how I'm moving

Boy, don't play it safe

Let me see you move

Let me see you dance

Let me see you bounce

Danja, bring it back

Get back

(Get back)

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then get back

Get back

(Get back)

Get back

(Get back)

If you can't take it then
