Home Town Hero

Hope youre listening while youre driving
Hope youre listening at all.
You should play me like a party
Hope you take the fall.Youll never see me again
Now that I know where youve been.
The tables already turned
Now that I know the wrong,They face it, where do they base it?
That it was only you
The f**k are they to say
Wrong, they face it, where do they base it?
That it was only you
The f**k are they to sayAllowed to be me
Im allowed to be me
Im allowed to be me on this day
Allowed to be me
Im allowed to be me
Im allowed to be me everyday
Oh...Oh my lovely
choke the baby
Nothing more than a doll.
Oh dice the, too
Make them love you
Fight for nothing at all.Youll never see me again
Now that I know where youve been
The tables already turned
Now that I know the wrong,They face it, where do they base it?
That it was only you
The f**k are they to say (duh-duh-duh-duh!)
Wrong, they face it, where do they base it?
That it was only you
The f**k are they to sayI-I-I-Im allowed to be me
Im allowed to be me
Im allowed to be me on this day
Allowed to be me
Im allowed to be me
Im allowed to be me everyday
Oh, yeah yeah...Wrong, they face it, where do they base it?
That it was only you
The f**k are they to say

Wrong, they face it, where do they base it?
That it was only you
The f**k are they to sayI-I-I-Im allowed to be me
Im allowed to be me
Im allowed to be me on this day
Allowed to be me
Im allowed to be me
Im allowed to be me everyday
Go!
