

Blessed or Bust

[James Apollo](#)

god you look tired
did you ever come home
or wander the night
to feel less alone god you look tired
skin stretched on bone
you wont sleep at all
if you dont sleep alone oh its so hard
oh its so sad
oh i'm so wrong/late
no it's too bad Oh its so hard
to be blssed or bust
go ask the old man
go ask the dust nothing but time
nothing but space
the old life i loved
well the new took its place needed the time
needed the space
now with it all
to while and waste
