

I Want You

Mitski

I want you
I hold one card
that I can't use
but I want you You're coming back
and it's the end of the world
We're starting over
and I love you darling
and I am done here You're in the house
and I am here in the car
I just need a quiet place
where I can scream
how I love you I found you
I found the door
but when I stepped through
there was no floor You're coming back
and it's the end of the world
We're starting
and I love you darling
and I am done here You're in the house
and I am here in the car
I just need a quiet place
where I can scream
how I love you I want you
I want you
