

Climbin' (Piano Weapon)

Shadow Child & Doorly

I've had my ups and downs
Made some mistakes I'm not too proud
But I've turned it all around
Living for right here and now

I'm getting higher it goes
And growng stronger in a ways
I'm living life with no regrets
But I'm nothing has change
I'm nothing with change

So I'm just gonna keep on climbin'
Until I find my silver lining
'Cause nothing in this world to stop this
High and might
So I keep on climbin'
But I'm just gonna keep on climbin'
There's no more running, no more hiding
The road is broken down
But I will reach the sky
I will keep on climbin'

Keep on
Keep, keep on
Keep on
Keep, keep on
Keep on
Keep, keep on
Keep on
Keep, keep on

I set the time now I can see
What the world has come for me
I clench my fist and held my breathe
Lay my worries down to rest

I'm getting higher it goes
And growng stronger in a ways
I'm living life with no regrets
But I'm nothing has change

I'm nothing with change

So I'm just gonna keep on climbin'
Until I find my silver lining
'Cause nothing in this world to stop this
High and might
So I keep on climbin'
But I'm just gonna keep on climbin'
There's no more running, no more hiding
The road is broken down
But I will reach the sky
I will keep on climbin'

I will see the light through the darkness
I will get where I need to be
As long as I know where my heart is
I'm pushing higher
And higher
And higher
And higher
And higher
And higher
And higher

So I'm just gonna keep on climbin'
Until I find my silver lining
'Cause nothing in this world to stop this
High and might
So I keep on climbin'
But I'm just gonna keep on climbin'
There's no more running, no more hiding
The road is broken down
But I will reach the sky
I will keep on climbin'
