

Lawless And Lulu

Buckcherry

Everybody dance, oh yeah
Crazy and a nighttime angel
She had a colorful career
Always doing it right
And her laugh was so original
Dealing with a lawless villain
He lacked discipline and mind
Always smoking the kind
And his thoughts were purely physical
c'mon, yeah[Chorus]
And now that dreams are nearing, the conscious clearing
Crazy about your love
Another change of direction and the motivation
King and queen of the nighttime world Working hard and pounding the pavement
She lacked discipline and mind
Always doing it right
And her love was so dependable
Oh yeah and then the villain came to terms with
All the wreckage of his past
He was loving his life
And his thoughts were beautiful, and your beautiful Lawless and Lulu
Lawless and Lulu
Lawless and Lulu
Lawless and Lulu
