

Silver

Echo & the Bunnymen

Swung from a chandelier
My planet sweet on a silver salver
Bailed out my worst fears
'Cause man has to be his own savior
Blind sailors
Imprisoned jailers
God tame us
No one to blame us The sky is blue
My hands untied
A world that's true
Through our clean eyes
Just look at you
With burning lips
You're living proof
At my fingertips Walked on a tidal wave
Laughed in the face of a brand new day
Food for survival thought
Mapped out the place where I planned to stay All the way
Well behaved
Just in case
It slips away The sky is blue
My hands untied
A world that's true
Through our clean eyes
Just look at you
With burning lips
You're living proof
At my fingertips La
La la la la la la la la la
La la la la la la la la la la la la
La la la la la la la la la The sky is blue
My hands untied
A world that's true
Through our clean eyes
Just look at you
With burning lips
You're living proof
At my fingertips
