Whole

coldrain

I knew that this would happen right from the start
Day by day the distance tears us apart
Sitting with this useless phone my hand
It's harder 'cause I know that you understandEven if I make this call
The pain won't go, the pain won't go away
But maybe if I let you know
You make me stronger, could you hold on for me?I know that you've been lyin', actin' alright
Something's always wrong when we never fight
The anger turns to silence and silence turns to hate
So say what's on your mind now before it's too late
Even if I make this call
The pain won't go, the pain won't go away
But maybe if I let you know
You make me stronger, could you hold on for me?Everyday it's like we start all over
Missing pieces of an aching soul
But I don't want to ever say it's over
'Cause you're the only one that makes me wholeMake me whole, wholeAnd even if I make this call
The pain won't go, the pain won't go away
But maybe if I let you know
You make me stronger, could you hold on for me?
Everyday it's like we start all over
Missing pieces of an aching soul
But I don't want to ever say it's over
'Cause you're the only one that makes me whole
