

Possession

Blood On the Dance Floor

Don't you dare
Put your claws away
I'm not done
With the chase I'm stuck on over-drive
And I can't find my brakes
The world's a witch
And I burned her at the stake There's no escape
You've fallen under it and now it's too late
Just one touch, you'll be chained at my side
I'll possess you when you're burning up my mind Call me a monster
Call me what you like
Call me what you like Call me possessed
Call it what you like
I just call it sex Don't you dare crawl away
My possession's nothing you can escape
Seduction is my game and hell is my place
The devil's a bitch and spit in her face Enter your body and take control
Possess my mind and heart and soul
Bring you down onto your knees
You'll go through hell and worship me Enter your body and take control
Possess my mind and heart and soul
Bring you down onto your knees
You'll go through hell and worship me Call me a monster
Call me what you like
Call me what you like Call me possessed
Call it what you like
I just call it sex Light me up
Burn me baby
You can set me on fire
But you can't kill me I take control
Of your head
You can call it love
But I just call it sex Call me what you like
Call me what you like Call me a monster
Call me what you like
Call me what you like Call me possessed
Call it what you like
I just call it sex Enter your body and take control
Possess my heart and heart and soul

Bring you down onto your knees
You'll go through hell and worship me
