

# Nighthawkin'

**Tim Buckley**

I was a nighthawkin' in my taxi  
My fare was a shaky ol' lush  
So I kicked it over and took off  
Then he whipped out this switch blade  
Straight outta nowhere level to my throat  
He said 'see reb I've been over to the war boy'  
I said 'i was a combat paratrooper daddy'  
Well now he slugged back cool and he pocket that steel  
He said 'get me down to fourth and main'
