

Evil

4 Skins

I like breaking arms and legs
Snapping spines and wringing necks
Now I'll knife you in the back
Kick your bones until they crack[Chorus]
Evil, evil, evil, evil
Evil, evil, evil, evilJump up and down upon your head
Kick you around 'til your dead
Fill your body full of lead
See the roads turn to red[Chorus]I don't like trendy cunts who pose
Now i'll punch you in the nose
Stick my Marten in your crotch
Don't like you, you're too much[Chorus: x 2]
