

# Something Cool

## Of Mexican Descent

Something cool, hey, won't you pour me?

Something cool, set one up for me

Anything will do

Just make it something coolSomething sad, hey, won't you play me?

Something sad, play one that slays me

Play me something blue

To go with something coolThere's an old flame burning in me

Like the sun in a July sky

Seems to me, I'm always thirsty

Since she left me high and drySomething cool

Something coolThere's an old flame burning in me

Like the sun in a July sky

Seems to me, I'm always thirsty

Since she left me high and drySomething cool, hey, won't you pour me?

Something cool, set one up for me

Anything will do

Just make it something cool
