This Ain't a Party Thing

Sugababes

I wanna be with you
I wanna get with you
This is how it's gotta be
So real
Whatcha like in the daytime?
It's my time, to find out
How it's gonna be, yeah
Between you and me, oh
Everything seems so cool
Listen to my grooveWhy are you creeping?
Sneaking undercover boy
If you're out come around
Cos I'm diggin you
I want you
But I don't know
Can you tell me how far you wanna go?
I'm head over heels, yeah
Baby tell me how you feel, ah
Stop the chasing
Cos we're facing
You and me together as oneChorus:
This is not a party song
This is not a party tune
This is not a party thing
This is not a party.. with you
If you wanna party with me
Can't afford to get this wrong
If you wanna get this on
Bring your party to meJust a fussy girl
In a messy world
Keep things playing straight
That's me
So you gotta be always clear with me
It's all about me being happy
Gotta be, all I wanna see, eh
No attitudes on getting things wrong]Chorus:
This is not a party song
This is not a party tune
This is not a party thing

This is not a party.. with you
If you wanna party with me
Can't afford to get this wrong
If you wanna get this on
Bring your party to meInterludeChorus:
This is not a party song
This is not a party tune
This is not a party thing
This is not a party.. with you
If you wanna party with me
Can't afford to get this wrong
If you wanna get this on
Bring your party to meChorus:
This is not a party song
This is not a party tune
This is not a party thing
This is not a party.. with you
If you wanna party with me
Can't afford to get this wrong
If you wanna get this on
Cos I ain't in this for freeChorus:
This is not a party song
This is not a party tune
This is not a party thing
This is not a party.. with you
If you wanna party with me
Can't afford to get this wrong
If you wanna get this on
Bring your party to me!!!!!
