

Cool It Now

New Edition

Everybody's saying, seeing things
Without knowing that life brings a change
And they've been checking all the time
My friends say I'm love sick 'cause I All I keep thinking about is her in my arms
(Got to see what love is all about)
And I won't be the same until she is mine
Friends keep telling me to (Cool it now)
You got to cool it now
(Oh watch out)
You're gonna lose control
(Cool it now)
You better slow it down
(Slow it down)
You're gonna fall in love Everyday I walk her home from school
And she tells me how she really feels
And there's no doubt in my mind
That this girl is one of a kind, oh 'Cause all I keep thinking about is her in my arms
(Got to see what love is about)
And I won't feel the same until she is mine
Friends keep telling me to (Cool it now)
You got to cool it now
(Oh watch out)
You're gonna lose control
(Cool it now)
You better slow it down
(Slow it down)
You're gonna fall in love (Cool it now)
You got to cool it now
(Oh watch out)
You're gonna lose control
(Cool it now)
You got to slow it down
(Slow it down)
You're gonna fall in love All I keep thinking about is her in my arms
(Got to see what love is all about)
And I'll never be the same until you are mine
Friends keep telling me When ya got a girl who takes her time
You must slow the pace you can't mess with her mind
She feels the same she'll let you know

Just prepare yourself or be ready to go And I hope this message stays in your mind
'Cause you almost lost a girl who is right on time
There's one more thing that you got to know
Just cool it down and stay in control (Cool it now)
You got to cool it now
(Oh watch out)
You're gonna lose control
(Cool it now)
You got to slow it down
(Slow it down)
You're gonna fall in love All I keep thinking about is her in my arms
(Got to see what love is all about)
And I'll never be the same until you are mine, oh
Listen to me let me tell you Why you all coming down on me?
Tryin' to tell me how my life is supposed to be
I know you're only trying to help me out
Tryin' to show me what life is really about But this time I'm gonna make it on my own
So why don't you fellaz just leave me alone
Ronnie, Bobby, Ricky and Mike
If I love the girl who cares who you like (Cool it now)
(Oh watch out)
(Cool it now)

(Oh watch out)
