

The Good Lie

Warhaus

Babe, you got it wrong
This isn't me at all
You're hitting on the roamer
Ain't that Just soBe true to what you are
And to everything you swore
Be true to me until I
Ask you for moreGoddamn, I never see enough
Goddamn, I never see enough
Goddamn, enough of you'cause it's true if you believe
It's not if you're not Sure
I'm sticking to the good lie
'til I know moreThe best illusions that we make
Are the ones that we don't fake
I'm sticking to the good lie
That you can't ShakeGoddamn, I never see enough
Goddamn, I never see enough
Goddamn, enough of you
You don't let go
Goddamn, I never see enough
Goddamn, I never see enough
Goddamn, enough of you
