

Favourite Lunatic

Stretch Princess

My god I lie here on my back
I'm dying of a heart attack
I really hate days like these
I'm so distracted and usedMisunderstood, ohh, please excuse me
I'm a curiosity
I'm loaded and lowdown
I'm unheard of and I'm unsoundTheres got to be a better way
I've cut my heart out with a razor blade
Ohh, come on say what you think
I'll be your favorite lunaticTheres got to be a better way
I've cut my heart out with a razor blade
Theres got to be a better wayI'm so deluded, I'm desired
Not over you but really tired
I guess I'm easily amused
Still ironically I think of my own heart with a certain sympathyI'm just a girl that you knew
I'm loaded and lowdown
I'm unheard of and I'm unsoundTheres got to be a better way
I've cut my heart out with a razor blade
Ohh, come on say what you think
I'll be your favorite lunaticTheres got to be a better way
I've cut my heart out with a razor blade
Theres got to be a better way
