Speakeasy

Shed Seven

Will there be anoter breakdown
Communication is a let down
When you speak is it easy
You're trying to hard to please me
I know what you think
I think the same things as you
And do the things that you do
Don't break the habit of a lifetime
You broke the habit of a lifetime
I see through everything you do
Will there ever be a right sound
Communication is a let down
You wouldn't speak for a million
Give me your honest opinion -
in your own words
I see through everything you do
I see through everything you do
