

# Pebble To A Pearl

Nikka Costa

Baby girl too shy to shine  
Let everybody else take the light  
Didn't want to burn too bright  
So she kept it all inside  
Little girl go beat your drum  
Go and see what all you can become  
Playin' small don't serve no one  
Face your fears and you will overcome  
'Cause the tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
It's about time that we got our joyful  
That we got our joyful on  
Don't be afraid to live out loud  
Never squash who you are be proud  
You're a universal sound, yes you are  
Whatcha gotta say, say it loud  
Baby don't you act demure  
So nobody else feels insecure  
Be yourself and liberate the world  
Don't you be a pebble, be a pearl  
Tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
  
'Cause the tears that we been cryin'  
Workin' overtime  
It's about time that we got our joyful  
That we got our joyful on  
Tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime

It's about time that we got our joyful  
That we got our joyful on  
Tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
It's about time that we got our joyful  
Tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
'Cause the tears that we been cryin'  
Workin' overtime  
It's about time that we got our joyful
