I Would Hurt a Fly

[Built to Spill](#)

I can't get that sound you make out of my head
I can't even figure out what's making it
No one else around even seems to be noticing
It's only small enough for meI can't get that sound you make out of my head
I can't even figure out what's making it
It feels like fingernails across the moon
Or do you rub your wings togetherThere's a mean bone in my body
It's connected to the problems that I won't take for an answer
And I won't take that from you
Because I'd hurt a flyLet you go to sleep
Feeling bad as me
Let you go to sleep
Feeling badThere's a mean bone in my body
It's connected to the problems that I won't take for an answer
And I won't take that from you
Because I'd hurt a fly
