

# The Night Is Still Young

Sandra

I'm young enough to see the passionate boy that I used to be  
But I'm old enough to say I got a good look at the other side  
I know we got to work real hard, maybe even for the rest of our lives  
But right now I just want to take what I can  
Get tonight  
While the night is still young  
I want to keep making love to you  
While the night is still young  
I'd like to settle down  
Get married  
And maybe have a child someday  
I can see a time coming when I'm gonna throw my suitcase out  
No more separations  
Where you have to say goodnight to a telephone  
Baby I've decided that ain't what this life is all about  
Oh  
While the night is still young  
While the night is still young  
I want to try to make the world brand new  
While the night is still young  
Rock and Roll music was the only thing I  
Ever gave a damn about  
There was something that was missing  
But I never used to wonder why  
Now I know you're the one I need  
To make things right again  
And I may lose the battle  
But you're giving me the will to try  
Oh  
While the night is still young  
Because the night is still young  
I've got a lot of catching up I've got to do  
While the night is still young  
While the night is still young  
I want to try to make the world brand new  
While the night is still young
