Solomon Bloodline

Israel Vibration

Jah People don't you be contrary
Jah People don't be trick by mercenaries
Open your eyes a message in the healing
Wake up, be wise, truth is revealingIn Ham is known to be the Prophet
Now you telling me say him come from JaphetMove the devil doctrine the false Jesus
King Solomon blood-line in a Ethiopia
History no lie he's the Lion of Judah
Me trod through Jerusalem
Put me hand pon the stone in the sepulcherThey couldn't conquer me brain-washing hypocrisy
Them educated criminals blood-sucking vampiresietyAnd the trumpet is a trumpetting, say
Make way for the positive way
