

# Hope for Us

## Shadow Gallery

Too late for us now?  
I sat alone and I spoke out loud  
On this darkened afternoon  
The windows to my room A solemn shutter on the world  
Where I used to laugh and dream  
For the first time in so long I make  
My way down to the street  
And watch the people as they pass Outside I breathe the air  
And all around fall shadows of despair I wonder is there hope for us  
A place where we can all be free?  
I wonder is there life  
Inside a soul that dies? I wonder is there hope for us  
To lift me up I don't know when  
I'll see the sun again  
I'd like to feel alive just one more time Headlines on the floor  
Today's bitterness is the calling card  
The commercial masquerade  
The goods all on parade The needs of life are charming toys  
We've gone deaf from all of the noise  
Did the rich and powerful elite slowly and unnoticed  
Come and steal our innocence? Entranced, we danced the dance  
The stage is set, the crowd is on their knees I wonder is there hope for us  
A place where we can all be free?  
I wonder is there life  
Inside a soul that dies? I wonder is there hope for us?  
We're stranded with no place to go  
I'm feeling so alone  
I'll try to make my way  
Through one more day I wonder is there hope for us  
A place where we can all be free?  
I wonder is there life  
Inside a soul that dies? I wonder is there hope for us?  
To lift me up I don't know when  
I'll see the sun again  
I'd like to feel alive just one more time
