

# Like The Rain

Clint Black

I never liked the rain until I walked through it with you  
Every thunder cloud that came was one more I might not get through  
On the darkest day there's always light and now I see it too  
But I never liked the rain until I walked through it with you  
I hear it falling in the night and filling up my mind  
All the heaven's rivers come to light I see it all unwind  
I hear it talking through the trees and on the window pane  
When I hear it I just can't believe I never liked the rain  
Like the rain I have fallen for you and I know just why  
you  
Liked the rain always calling for you I'm falling for you now  
Just like the rain When the cloud is rolling over thunder striking me  
It's as bright as lightning and I wonder why I couldn't see  
That it's always good and when the flood is gone we still remain  
Guess I've known all along I just belong here with you falling  
Like the rain I have fallen for you and I know just  
why you  
Liked the rain always calling for you, I'm falling for you now  
Just like the rain I have fallen for you  
I'm falling for you now just like the rain And when the night falls on our better days  
And we're looking to the sky  
For the winds to take us high above the plains  
I know that we'll find better ways to look into the eye of the storms that will be calling  
Forever we'll be falling Like the rain I have fallen for you, and I know just why you  
Like the rain always calling for you, I'm falling for you now just  
Like the rain I have fallen for you, and I know just why you  
Like the rain always calling for you, I'm falling for you now just  
Like the rain I have fallen for you, and I know just why you  
Like the rain always calling for you, I'm falling for you now just  
Like the rain  
Like the rain  
Like the rain  
Like the rain  
Like the rain  
Like the rain
