

A Moment Of Violence

Murderdolls

A.B.C.D.E.F.G Get the fuck away from me
London Bridges, Simon Says
Punch you in the fucking head
Now go to hell, Here's your invitation
Quiet in the house, we need silence.
So shut the fuck up...
For a moment of violence

Eenie Meenie Minie Moe
Pull the pin and watch it blow
Row, Row, Row your boat
All I'll fucking cut your throat
Now go to hell, Here's your invitation
Quiet in the house, we need silence.
So shut the fuck up...
For a moment of violence
