

# Celebrate The Pyre

## Poison the Well

I've lived my life without direction  
Holding on to a gift given long ago  
Because of this I'll pay for my mistakes  
The rest of my life, the rest of my life  
Dragging my body along the black expanse  
I can smell the burning trail left behind, oh no  
I'm not a failure, I'm not alone  
As this comes to a close I look back hoping to see myself  
And it's not because of the blaze I've left behind  
It's possible I've burned everything in my path  
I turn back and say because of how you have lived your life  
You will not find your way again  
I look back because of how you have lived your life  
You will not find your way again, again, yeah  
Because of this I'll pay for my mistakes  
The rest of my life, the rest of my life  
I'm not a failure, I'm not alone  
I've lived my life without direction  
Holding on to a gift given long ago  
Dragging my body along the black expanse  
I can smell the burning trail I have left behind  
I'm not a failure, I'm not alone  
I'm not a failure, I'm not alone
