Keep an Open Mind or Else

McCarthy

Oh come along now
It's not quite like you say
With my last breath
I'll fight for your right to disagreeBut I don't believe
It's as simple as you say
No I don't believe
In our arguing myselfNow well I know you should never
Think that you know everything
You should never, oh never
Think that you know everythingAn open mind
Oh why don't you keep?
It's the true side
Of the civilized
Argue forever
But don't you ever rest
I don't believe
In any such arguments as theseThey might win the game
But they never will with me
For I make mine up
As I go alongYou should always try to see
Another person's point of view
You should never, oh never
Think that you know everythingBecause you will find
There are mysteries
Too deep to be explained
With the brain
Oh shut your trap
Or I'll shut it up for you
I don't believe in facts
No I just believe in meArgue, I don't care
Would you like your face smashed in?
Say anything
I will be never be convincedYou should always try to see
Another person's point of view
You should never, oh never
Think that you know everythingAn open mind
Oh why don't you keep?
It's the true side
Of the civilizedIf you ever put your ideas

Into practice anyway
To be sure I'll be the first one
To be calling the police
