Better

Toby Lightman

He'll be enough to make you cry
He'll be enough to open your eyes
To all the little things that make this world better
He'll give you love you never know
He'll give his heart only to you
And he'll make your life oh better

So when he comes to you in the middle of the night
'Cause he's scared to be alone in the dark
You'll tell him everything's gonna be alright

'Cause I will be your light
I will be your night
I will be that star in the sky who watches over you

You'll tell him everything you know
You'll tell him "oh the places you'll go"
So you can be a good man and
Make this world better.

You'll give him all the love you have
Even when he makes you so mad
Keep in mind, that he made your life better.

So when he comes to you and he's so confused
Because he wants to give his heart to another
You'll tell him everything's gonna be just fine

'Cause I will be your light
And when the years are going by too fast
And he's growing up to be big and strong

Know his love for you will last
Even when he doesn't say it to your face
Even when you have to put him in his place
Know that he's a love that nothing in this
World can ever replace
