

2000 Miles

Mest

Did I miss your call again?
No, you never called
It was a thought inside my head Did I take the fall again?
I shoulda payed attention
To all the words you said 'Cause I lost today
I'm not okay
Heartbreak, a fake smile
And 2000 miles I check my caller id
Now there's every number
But the one
I want to see I've been falling apart
Since you been gone
I don't know
Where I need to start 'Cause I lost today
I'm not okay
Heartbreak, a fake smile
And 2000 miles Away she is
I can't live like this
Heartbreak, a fake smile
And 2000 miles
Heartbreak, a fake smile
And 2000 miles If I told you that I love you
Would it matter at all?
If I told you that I need you
Would you catch me if I fall? Fall 'Cause I lost today
I'm not okay
Heartbreak, a fake smile
And 2000 miles Away she is
I can't live like this
Heartbreak, a fake smile
And 2000 miles
Heartbreak, a fake smile
And 2000 miles
