Let You Go

Self Against City

I met you where nobody knew my name,
And our spark quickly turned into a flame.
Winter nights are feeling hot like summer inside,
I can't get you off my mind.I don't want to know, why I can't let you go...I remember the first words that you said,
And I can't get that night out of my head.
It's complicated, but I'm not frustrated.
Cause I know you're out there patiently waiting.I don't want to know, why I can't let you go.
I don't want to know, why I can't let you go.
You go....When the sun burns up,
And the ocean dries out.
I'll be all you need,
All you need to breathe.
When the moon falls out
Of the black night sky,
I will light the way.
Promise me that you'll stay...
I know that you feel it
Still you won't believe in me
My heart pounds like thunder
I don't need to wonderI don't want to know why I can't let you go
I don't want to know why I can't let you go
I don't want to know
I don't want to know
I don't want to know
I don't want to know
I don't want to know
I don't want to know
