Slaughter

Perrion

Slaughter's going to blow your mind
Slaughter does not waste his time
My advice to you is this
If you shoot at him you better not missSlaughter's big, bad, black and bold
The brother has a lot of soul
Don't you make him mean and cross
'Cause he'll show you who's the boss
SlaughterSlaughter come to blow your mind
Slaughter does not waste his time
My advice to you is this
If you shoot at him, brother
You better not missSlaughter is big, bad, black and bold
The brother has a whole lot of soul
Don't you make him mean and cross
'Cause he will show you who's the boss
SlaughterYeah, Slaughter
Yeah, Slaughter
