

# Shut Your Mouth

## Garbage

Welcome, we love you, we hate you  
We love you, we want you, we need you  
We wish we were like you  
They say you're a saint  
You're a whore, you're a sinner  
That he had you, made you  
He can't live without you  
Would you confess if we asked  
That you nurture the urge  
To declare that it's time  
To settle down with a man of your own  
You want a baby, a family  
A piece of security  
Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
Just shut your mouth  
What's your opinion of the dire situation  
In our land here, our guest here  
Of course, you'll be nice here  
How do you feel about God and religion  
Are you good people, bad people  
Guess it doesn't matter, people  
Your place, my place  
Make her bring that famous face  
You got some, you want some  
You wanna let me get you some  
We know your music but of course we'd never buy it  
It's too fake man, right man, we don't give a fucking damn  
Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
I hear you say it, play it smart girl, win the game love  
Give 'em what they want, what they want to see and  
You could be a big star, you could go far, make a landmark  
What have you been reading, you smart girl? Win the game love  
Give 'em what they want, what they want to see and

You could be a big star, you could go far  
Make a landmark, make a shit load  
And the world spins by, with everybody moaning  
Pissing, bitching and everyone is shitting  
    On their friends, on their love  
    On their oaths, on their honor  
    On their graves, on their mouths  
        And their words say nothing  
    Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
    Shut your mouth, try not to panic  
Just shut your mouth, if you can do it  
    Just shut your mouth  
I wanted to say something  
    (Oh shut your mouth)  
I wanted to say something  
    (Just shut your mouth)  
I wanted to say something  
    (Oh shut your mouth)  
I wanted to be something  
    (Just shut your mouth)
