

# Chrysanthemum

## Slingbacks

Yes, I hate the way I feel and it makes no sense  
Five months gone and all I got  
Pretty pink flowers on my chain link fence  
And I don't like what it means  
'Cause I know there's more to come  
I can't go home without  
Chrysanthemum  
I walk around lost and I don't know why  
I don't see the faces or the places  
That I should recognize  
It's like that dream where it feels like home  
But it don't look right  
Yes, I will look everywhere tonight  
And I will not stop until I make things right  
And I can't go home until I see the sun  
I can't go home without  
Chrysanthemum  
No, I can't go home without  
Chrysanthemum
