Mars

Madeleine

When you close your eyes
Can you still see the gold?
And feel the heat
And all your soul ever told you?

Tell me tonight
While weâ€™re racing the light
If weâ€™re really gonna make it

Fourteen million miles
Twenty more to go
Never been this far
From never going home

Tell me tonight
While weâ€™re racing the light
If weâ€™re really gonna make it

IS THIS
ALL WE
ARE
WANDERING
STARDUST
HEARTS

If we miss our mark
Will no one ever know
How long could we last
If we just keep on going

IS THIS
ALL WE
ARE
WANDERING
STARDUST
HEARTS
