Let's Get It On

Lucas Prata

Day by day (day by day)
Night by night (night by night)
I run into you
If you only knew what I wanna do

When you walk away
I just have to say
That your body
Takes me to another place

Let's get it on
Come a little closer
Let me whisper
Whisper in your ear

Let's get it on
Come a little harder
Let me touch
In those sexy places

When I close my eyes
And I dream of you
I can feel you
Feel your body close to mine

Don't pick me up
'cause it feels so good
I can see you
Doin' things that I wanna do

Let's get it on
Come a little closer
Let me whisper
Whisper in your ear

Let's get it on
Come a little harder
Let me touch
In those sexy places

Come a little closer
Come a little harder
Let's get it on
Doin' things I wanna do

You don't know what I would do just to hold you
I'll show you mine if you show me yours
I wanna touch you

Let's get it on
Come a little closer
Let me whisper
Whisper in your ear

Let's get it on
Come a little harder
Let me touch
In those sexy places

Let's get it on
