

Queen of Hearts

David Coverdale

She was the keeper of all my reason
Possessor of all I owned
She kept me on the edge of darkness
With words as cold as stone Then you came along
Your eyes were flashing with desire
Oh, babe, you got me burning, so much
You got my soul on fire Honey, you move me
You got me so I can't sleep at night
You tell me, you believe in me
And you say, you're gonna treat me right You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller
They say that love's a gamble
But, I got the Queen of Hearts If I could touch the crystal silence
That we have after making love
Just to tell you I need you here
In the glow of the stars above If you ever leave, or deceive, or fool around
You could be right, you could be wrong
But, woman, I know I'll miss you when you're gone Honey, you move me
Like the wind through a willow tree
Ain't no doubt about it, baby
You make the blind man see You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller
They say that love's a gamble
But, I got the Queen of Hearts You drive me crazy when you walk
Crazy when you talk, crazy when you walk with me You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller
Gonna tell you, holy roller
You're the Queen of Hearts You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller
You're the Queen of Hearts, oh yeah You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller
You're the Queen of Hearts You gave me the answer
I knew right from the start
I'm gonna tell you, holy roller

You're the Queen of Hearts, yes you are
You gave me the answer
I knew right from the start
I'm gonna, I'm gonna tell you, holy roller
You're, you're the Queen of Hearts, oh yeah
