No Time

T.S.O.L.

Artist: TSOL
Song: No TimeDid anyone see the sky today? Did anyone hear these children cry?
Did anyone tell me a lie today? Did anyone open up their eyes?
Did anyone, oh, feel the pain today? Did anyone see these children die? No?
Did anyone see our country starve today? Well I have, I broke down and cried.Tomorrow's too late and I'll tell you I can't wait, There is No Time. No,no, there is no time.
NO! Tomorrow's too late and I'll tell you I can't wait, There is No Time.
No, There is no time. There is no time, no, no, there is No Time.Did anyone see reality? Did anyone really even try?
Did anyone see our country die today? Well I have, I broke down and cried.
