

# Listen With Your Heart

## Australian Idol - Casey Donovan

When you can't find your way through the night  
When you've lost touch and nothings feeling right

    You can't find that path that leads you on  
    And you don't know which road to choose

    That's when you've got to

        Listen with your heart

        Listen to your soul

    Inside you'll find the answer

        The place you need to go

        Listen with your heart

    Your heart will let you know

        No matter where you are

    Just listen and your heart will lead you home

    And when this world has got your mind confused

    And when your faith has gone and run out on you

    You can't find that faith in your soul

    You don't know which road to choose

    That's when you've got to

        Listen with your heart

        Listen to your soul

    Inside you'll find the answer

        The place you need to go

        Listen with your heart

    Your heart will let you know

        No matter where you are

        The truth is never far

    Just listen and your heart will lead you home

        We all lose our way some times

        we all lose our faith sometimes

If you just believe and just be strong your heart will take you home

    Listen with your heart

        Listen to your soul

    Inside you'll find the answer

        The place you need to go

        Listen with your heart

    Your heart will let you know

        No matter where you are

        The truth is never far

Just listen and your heart will lead you home

The truth is never far

Just listen and your heart will lead you home
