

# Save Your Soul

## She Wants Revenge

Advisory - the following lyrics contain explicit language:

Tell me lover, tell me where have you been  
I've been sitting in this chair since half past ten  
I've been wondering when you might just walk through the door  
And now we'll sit and talk about it You don't listen, you don't even try very hard  
Your good intentions, well they don't seem to go very far  
And now we're going tit for tat until somebody draws blood  
But no one's gonna sleep tonight Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
'Cause nothing's gonna change my mind  
And nothing's gonna change your ways Tell me lover, tell me where we went wrong  
I'd beg forgiveness but I know that your will is strong  
And there's the fact that you're the one that put someone on the side No, no, no, no  
There's no difference, those omissions and the sting of the past  
Your indiscretion from the start determined if it would last  
And now I'm standing on the verge of maybe drawing the line  
And no one's gonna sleep tonight Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
'Cause nothing's gonna change my mind  
And nothing's gonna change your ways (Nothing's gonna change my mind  
Nothing's gonna change your ways  
Nothing's gonna change my mind  
Nothing's gonna change your ways) Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
Save your soul before it's too late  
'Cause nothing's gonna change my mind  
And nothing's gonna change your ways
