Mellow Out

JEFF the Brotherhood

I need to find a place to live, I can't take it anymore
But I'm a waste so what's the point of that?

I need to find a place to go, when I wanna be alone
Where I can do my thing and I can mellow out

I need my records on a shelf, Cause I care about my health
And I don't wanna have to list them anymore

Baby Please, Can't you see, I think you are so sexy
Won't you mellow out with me

You're so cool, I am too, I know what you wanna do
Wanna do something with you, Ooohh Ooohh oh

Baby Please, Can't you see, I think you are so sexy
Won't you mellow out with me

You're so cool, I am too, I know what you wanna do
Wanna do something with you, Ooohh Ooohh oh
